

AUTUMN 2023

TAPIOLA NATURE

Exploring the fields, forests, and streams together

A hint of Ice and lovely colours

A LOOK AT OUR DAYS

Their leaves have changed colour and drifted to the ground. We have savoured the Autumn sunshine and enjoyed a bit of snow and rain. As the world settles into a slower, quieter season we too have been telling stories of protection and warmth, preparing the garden for rest, and cutting firewood to keep us cozy. The children have enjoyed using clay to create

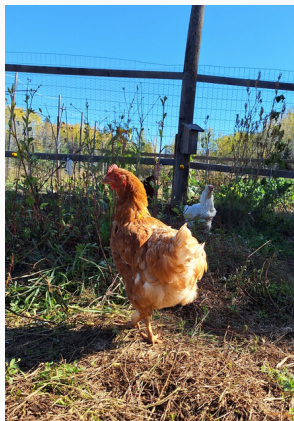

with and the fresh, warm bread tastes better with the chill in the air. Our daily programs have such a strong connection to the seasons and the daily change we witness. We hope the Tapiola community is exploring, observing and wondering about the land we have such a strong connection with too. What have you noticed while following the trails or tossing rocks at the river's edge?

If we provide enough space and possibilities for moving freely, then children will move as well as animals: skillfully, simply, securely, naturally.

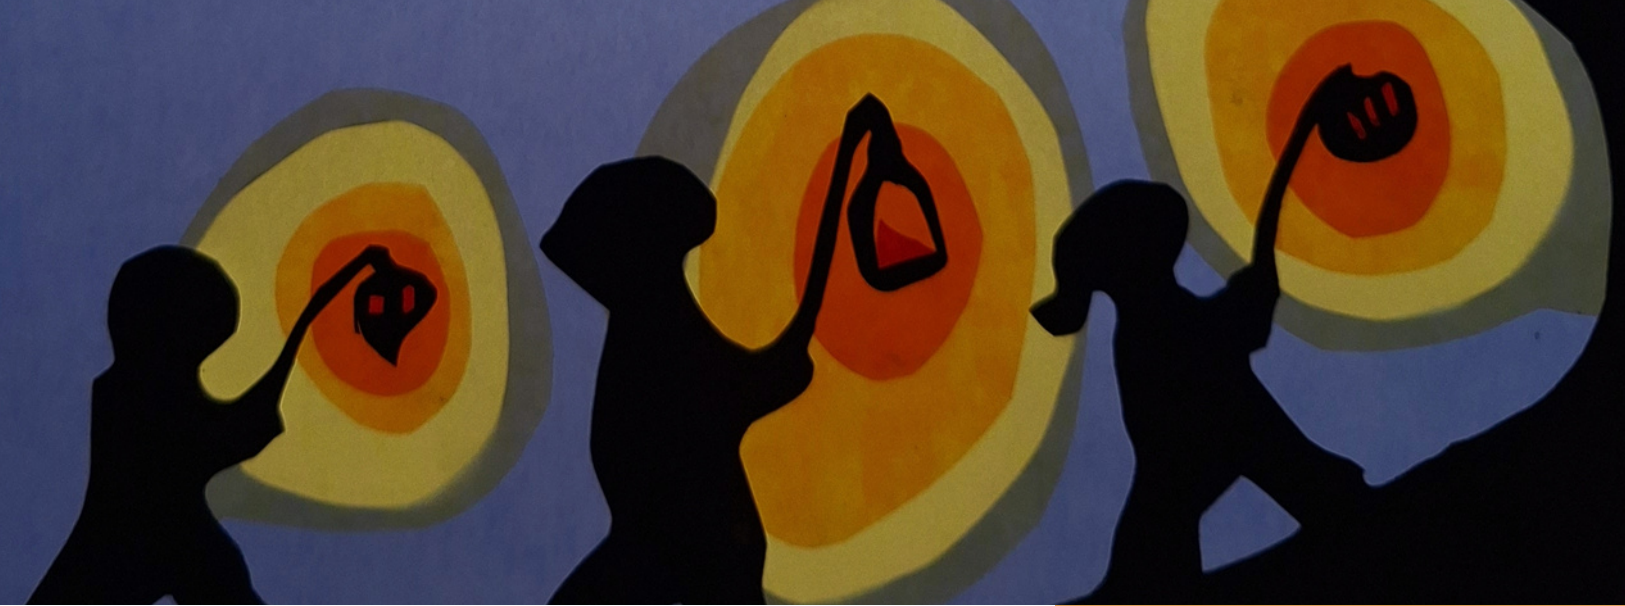

-DR EMMI PIKLER

Community Chickens

Chickens are in the garden again at Tapiola. We are building a community of volunteers, passionate staff, + children interested in sustainable gardening and healthy development of the land. Chickens can be an important part of this process. The children greet the chickens with friendship and empathy, they look for eggs and bring snacks from the compost bin in our kitchen to share. We are all learning about responsibility that comes with caring for another being as well as the cycles of nature and life.

Glimmer Lantern Glimmer

OUR COMMUNITY LANTERN WALK

We gathered together for our Annual Lantern Walk. This beautiful tradition of walking through the forests of Tapiola, taking note of what we see and hear by nothing more than the glow of our lanterns and the stars, is always a night to be savoured. With a chill in the air, we sang together, wrapped in the warmth of the fire and the community. The days are getting darker and the nights longer. We will carry that warmth and wonder from this night through the season.

Community
is about doing
something
together that
makes
belonging
matter.

-BRIAN SOLIS

Escape, Explore, Experience

OUR COMMUNITY

Looking for a way to be a part of a thriving community and have a special place for your family to enjoy?

By lending your support, we can preserve our rapidly expanding community, refurbish our buildings, and organize more events!

Whether you enjoy leisurely walks, cross-country skiing, or want a safe and fun space for your children to play, a Tapiola Membership has something for everyone, regardless of age.

Become a part of our community today!
