

WASHCARE OVERVIEW

HOW TO CARE FOR YOUR BIBS TEXTILES

BIBS[®]
SINCE 1978

WASHING

Machine wash

Suitable for machine wash. If a number shows it indicates the temperature the textiles should be washed on.

Machine wash

One line under means that the textiles should be washed on a delicate program, that uses less water. Do not fill up the machine too much and less centrifugation.

Max temperature

The number specifies the max temperature.

Machine wash

Two lines under means, that the textiles must be washed on an extra delicate program, for example a wool program with minimum centrifugation.

Handwash

Handwash only. The temperature must be on approx. 30 degrees.

Do not wash

Not suitable for washing machine.

DRYING

Tumble dry

Suitable for tumble drying at all temperatures.

Tumble dry

Tumble dry at low temperatures.

Tumble dry

Tumble dry at medium temperatures.

Do not tumble dry

Not suitable for tumble drying.

Dry flat

Should dry flat, do not hang.

IRONING

Ironing

Suitable for ironing. If a dot shows it indicates the level of heat the textiles should be ironed at.

Ironing

Iron on low temperatures.

Ironing

Iron on medium temperatures.

Do not iron

Not suitable for ironing.

PROFESSIONAL CLEANING

Dry clean

Should be dry cleaned.

Do not dry clean

Not suitable for dry cleaning.

BLEACHING

Do not bleach

Not suitable for bleaching.
