WHY CHOOSE j5create?

U.S. Based Customer Care | Made in Taiwan | Limited Product Warranty | Top-Selling Brand

WE DEVELOP. WE INNOVATE. WE CREATE.

j5create is a team that has come together from a diverse set of backgrounds to make technologies more meaningful and inclusive. We design, build, sell, and support innovative technology. We find creative ways to apply new technologies to provide computing solutions.

QUALITY IN EVERY DETAIL

WORK WITH THE BEST

In collaboration with the suppliers of top PC manufacturers, we create our high-performance products by using premium components and materials.

COMMITMENT TO QUALITY

From concept generation through software and hardware development, and end-product design to production, we're involved in every stage of the vertical integration process.

MAKE AN IMPACT

We aim to elevate your computing experience to be more productive, more efficient, and more convenient.

Worldwide safety certification

In-house R & D team, in-house product design team and U.S. based customer service team

j5create is committed to customer satisfaction. We have a dedicated U.S. based technical support team waiting to assist you. We strive to stay ahead of ever changing technological needs through continuous improvements and suggestions from you.

Safety and protection for your devices

- OVP (Overvoltage) — Limits output voltage
- OCP (Overcurrent) — Limits the current flow
- SCP (Short Circuit Protection) — Protects your device against short circuits
- OTP (Over-Temperature) — Regulates the internal temperature

Limited Warranty

j5create has strategic partnerships and locations conveniently located worldwide to streamline all of our processes including sales, support, and service. You can see a global list of where to purchase our products on our website at www.j5create.com. We are always just an email, live chat or phone call away, so feel free to contact us with any questions, concerns or comments.

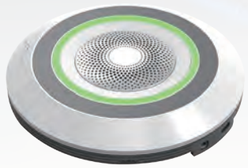
Bluetooth® / USB™ Conference Speakerphone

JSS820

• Features

- Built-in 360° omnidirectional microphone
- Portable design with battery
- Bluetooth™ /USB™ connection
- Crystal clear high-quality sound
- Digital signal processing technologies:
  - Acoustic echo cancellation
  - Noise reduction
  - Auto Gain Control



Four omnidirectional microphones and 5W speaker

360° All Around Webcam with Speakerphone

JVU368

• Features

- 360° video conferencing camera with remote control
- Built-in omnidirectional speakerphone
- Advanced Acoustic Echo Cancellation (AEC) technology
- Automatic Gain Control (AGC) function
- Automatic Noise Reduction (ANR) reduces background noise
- Six display modes deliver exceptional viewing angles with flexibility and versatility
- Full HD 1080p video playback @ 30 Hz

Vertical 90° Rotation

Horizontal Perspective

Host Selection Touch Control

ScreenWave™ Wireless Presentation System

JWR1000

• Features

- Plug & Play
- Host control
- Cross platform wireless presentations
- Split screen (up to 4 sections)

• Specifications

- Supports 1080p input (TX), 4K output (RX)
- Supports 802.11ax
- TX supports HDMI™ input

Wireless Camera Extender

JVW120

• Features

- Low-latency audio and video transmission via USB™
- Converts a wired USB™ webcam to a wireless one
- Provides support for webcams with microphones
- Wireless transmission distance can reach up to 82 ft. (25m)
- Built-in 5 GHz ensures a stable connection
- Supports H.264 and MJPEG video formats
- Compatible with Windows®, macOS®, Chrome OS™, and Android™

USB4™ Dual 4K Multi-Port Hub & Docking Station

Featuring Intel® USB4™ Controller

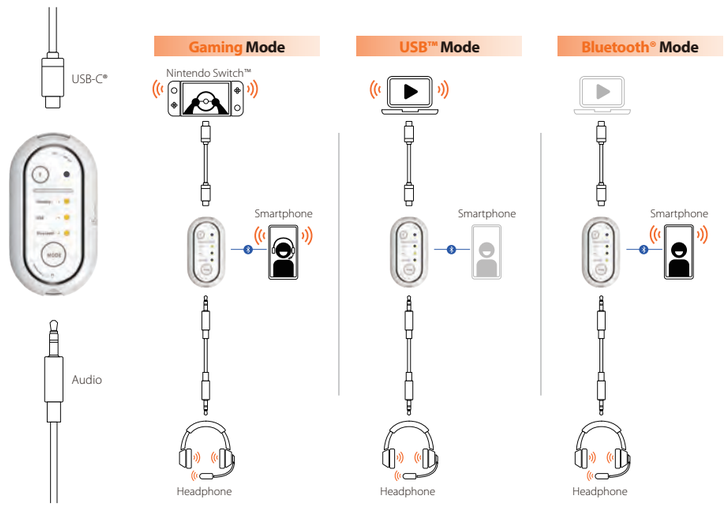
Audio Gaming Mixer Adapter

JAM01



• Features

- Designed to playback audio from a Nintendo Switch™ while simultaneously calling a smartphone
- Bluetooth® connection for mobile phone
- Three different modes

• Specifications

- Audio : CTIA / OMTP
- Bluetooth® 5.0
- USB™ Audio : USB™ 2.0 Stereo 48K

wormhole switch™

USB™ Transfer Cable and Video Switch

JUC502

• Features

- Supports keyboard, mouse, clipboard and file sharing across two Windows® devices
- Provides both a Full Screen or Picture-in-Picture (PIP) window when using Duplicate Mode while video sharing
- Screen will rotate and resize automatically to fit the screen and adjust to the current rotation of the second device when using Extended Mode while video sharing
- Supports multi-touch and USI pen for Windows® touch screen devices
