Summit Outdoors is a family-owned company that is passionate about creating premium quality products at a fair value for the hunting and outdoor enthusiast. Our brand portfolio features multiple leaders in their respective categories including blinds, seating and accessories. With the highest standards in mind, we build our products to withstand the test of time through durable design, quality and integrity. Furthermore, most of our products are made in the USA. Since crafting the first Shadow Hunter blind in 1996, we have helped our customers create a new hunting experience in total comfort.

Marksman® Series Blind Features

Marksman® fully assembled blinds feature an interior composite panel system that provides superior sound and scent protection, and is weather and temperature resistant; will not mold, rot or delaminate.

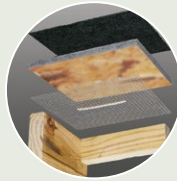

ShadowView™ Window System

Silently and easily adjust window openings from below to conceal movement. Also included is an external blackout shield for added scent control and weather protection. Inner acrylic windows are shatterproof.

ShadowTech™ Wall System

Marksman® blinds feature a multi-layer wall system with a rust-proof aluminum exterior that is fully insulated.

ShadowMesh™ Critter-proof Floor

Critter-proof mesh flooring keeps rodents, birds and other wildlife out.

Marksman® Blinds are Outfitted Exclusively with Vengeance™ Camo.

MADE IN THE USA

Elevators®

Building Brackets and Accessories

Original Elevators® brackets and elevation accessories give you the hardware you need to elevate your Shadow Hunter® blind or DIY project safely and securely.

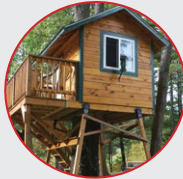

Built Tough

When strength and safety count, use Elevators. They are built with heavy-duty 12-gauge premium steel with robotically-welded joints.

Designed for the Elements

Elevators® are powder-coated, not painted, making them more durable and more resistant to corrosion. They are designed for the elements and can withstand high winds and frigid temperatures others cannot.

Multipurpose

Elevators® platform brackets provide the best stability when building a do-it-yourself playhouse, deer blind, swing set platform or free-standing deck.

The Trusted Original

Summit Outdoors™ is the most trusted and original provider of deer blind elevator brackets.

- Bracket dimensions (in): 8.0 x 4.0 x 10.0
- Weight (lbs.): 17.0

Lock-N-Load™ Anchor System

Model No: **SHBAS**

The high-strength steel design ensures your blind is securely anchored in three easy steps.

- Set of 4
- 12-gauge high-strength steel
- Bracket dimensions (in): 7.5 x 8.75 x 8.75
- Rebar not included
- Weight (lbs.): 11.0

Adjustable Ladder/Platform

Model No: **SH33LP**

Rugged powder-coated oval steel tubing is designed to bolt to any Shadow Hunter® blind or elevated lumber platform.

- Adjustable from 5 to 10 ft.

Structural Screw

Model No: **ESS50 (50ct/Box)**

Designed to work with Elevators® brackets.

- Heat-treated durability
- High corrosion resistance
- T-30 bit included

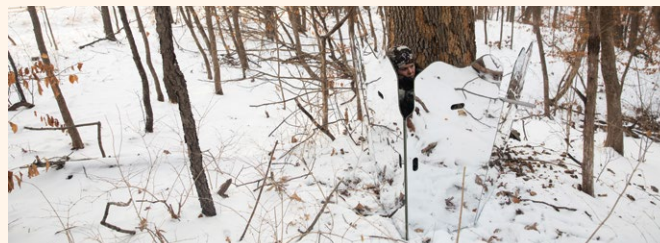

Any Hunt. Any Season. Anywhere.

Not Seeing is Believing!

Receive unlimited camo patterns with one GhostBlind ground blind! How does it work? MIRRORS!

GhostBlind innovative mirrored panels point toward the ground to reflect the surroundings while avoiding unwanted glare and animal detection. The fluted design provides structure while the polypropylene material makes it shatterproof and waterproof. Lightweight for easy transport and set up, the GhostBlind virtually disappears in any terrain.

GhostBlind® Phantom™

Model No: **GBI-PH (Case Pack 3)**

A 6-panel blind with 9" shooting ports for hunters who prefer low-profile seating. Designed primarily for gun and crossbow. Ideal when used with the low-profile Phantom™ hunting chair.
