FEATURES & SPECIFICATIONS:

- True Wireless Earbuds with Amazing Stereo Sound
- Battery Display Case Compact charging case with LED power display
- IPX4: Is resistant to water splashes from any direction
- **Position Detection in-Ear sensor:** In-ear detection tells your earphones when they're in your ear or when you take them out. If your earphones detect that you've taken them out, your current audio selection will automatically pause. When you put them back in, the audio will automatically resume.
- **Voice Assistant:** Dual Mic and hands-free function optimized for Google Assistant and Siri.
- **Dual Microphone:** The 2 outer mics work together with the inner mic to block out surrounding sounds while you're on a call
- **Touch control:** Volume Control, Playback or Activate Voice Assistant
- **Environmental Noise Cancellation- ENC** activation in phone call mode
- **Power on and Sync:** After the earphones are connected for the first time, charging case can be opened to connect with your device, making it more convenient to use.
- Bluetooth Version: 5.3
- Frequency Range: 20Hz-20KHz
- Transmitting Distance: 10M
- Music and Talk Time: 8hrs. + Charging Case: 20 hrs.
- Impedance: 32 Ω ± 15% Ω
- Charging Dock: 300 mAh

Accessories: Charging Case, Type-C USB Cable, Silicone eartips (S,M,L) & User Manual
