

LADY BIRD

Mom

I guess you won't be going to any dances in college. This is our last one.
You know Davis has a terrific theatre, if you are still interested in theater. Are you?

Christine

(Getting out of dressing room)

I'm probably not good at acting.
Why don't I look like the girls in the magazines?

Mom

Is too bad I can't meet this Kyle before Prom...

Christine

Well, he is not my boyfriend anymore. I mean maybe he never even was.

Mom

No, I'd still like to meet him.

Christine

It's too tight. Fuck! *(Goes into dressing room)*

Mom

Well, I suggested you not have that second helping of pasta.

Christine

Mom...

Mom

Honey you seem upset about it and I'm trying to help.

Christine

You are getting me an eating disorder... I wish I could get an eating disorder.

Christine comes out of dressing room

Christine

I love it

Mom

Is it too pink?

Christine gives Mom a look and was back into dressing room.

Mom

What?

Christine

Why can't you say I look nice?

Mom

I thought you didn't even care what I think.

Christine

I still want you to think I look good.

Mom

Ok,

I'm sorry. I was telling you the truth, do you want me to lie?

Christine

No, I mean, I just wished, I just... I wished that you liked me.

Mom

Of course I love you

Christine comes out of dressing room

Christine

But do you like me?

Mom

I want you to be the very best version of yourself that you can be.

Christine

What if this is the best version?
