ABOUT

## THE STORY OF CLEMO + FINCH

---

Clemo + Finch are a small family-orientated business; mastering luxury home accessories and providing exquisite products based in the heart of Kent. Designing and manufacturing luxury cabinetry and lifestyle hardware using high-quality solid brass billet. All products are hand perfected and personally packed. Since 2020, we have dedicated our passion of interiors to our customers; creating luxury hardware to last a lifetime.

The origin of 'Clemo' and 'Finch' stems from Michael and Rachel's grandmothers; two incredibly inspiring women. Mixing Clemo's Cornish heritage with Finch's Kentish roots, we have established a Cornish-Kentish mix; hence our collection names.
