

CABANA

This collection is the result of an exciting collaboration between **Schumacher and Cabana**, a captivating lifestyle brand with an exquisite magazine at its center that immerses readers in extraordinary stylish spaces from around the world. Inspired by art, fashion and global travel, Cabana founder **Martina Mondadori** is just as passionate about quality, craft and design as we are, and each issue of her magazine is a collectible objet d'art unto itself. Naturally, we are thrilled to partner with Cabana to create a collection of fabrics, wallcoverings and trims that speak to the same values as the magazine itself: **Authenticity, the art of the handmade and the power of beauty are at its core**. And as part of the introduction, Schumacher-made patterns will grace the covers of the fall 2021 issue of *Cabana* for the second time.
