CAROLINE Z HURLEY

Artist and textile designer **Caroline Z Hurley's** painterly patterns are playful yet subdued, and as captivating as the far-flung destinations that inspire them. Featuring block prints created by a small team of artisans in **New Bedford, Massachusetts**, and patterns based on original artworks, her line is imbued with a charming, handmade aesthetic. Her **soulful, deceptively simple compositions** employ an economy of colors and feature **loose, abstract designs** that show the true hand of the artist.
