

SCHUMACHER

X

Hera Ford

Schumacher is thrilled to partner with artist **Hera Ford** on this special collection of textiles and wallpapers. Based on Ford's botanical studies and informed by ancestral narrative, these extraordinary designs retain the unique character of the artist's hand and, more significantly, evoke a profound and personal connection to nature and the Mississippi plantation where her grandmother was born. Delicate yet bold, these modern, romantic florals transform a room into an inviting and enchanting garden.
