

# STRIPES WALLCOVERING

We're celebrating the eternally chic stripe with a debut capsule collection of **Striped Wallcoverings**. Natural attention getters, their primal power lies in their versatility. Whether you want to telegraph classic sophistication or make a bold statement, we've got the right stripe.

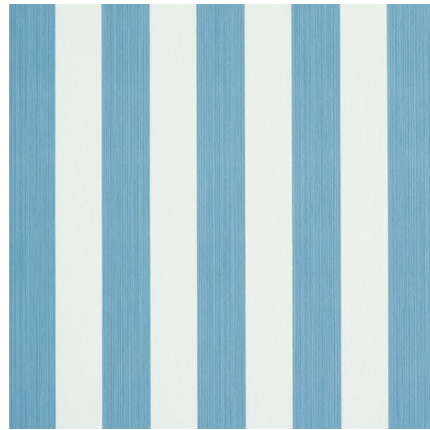

## EDWIN STRIPE

Far from plain, Edwin gets real depth and dimension from the tonal strié of brush marks. This instant classic is available in 20 colors, each in three versatile widths ranging from playful pin stripes to big broad strokes.
