

TKO™

Grill and Oven Cleaner

Quickline™ TKO totally knocks out grease and quickly penetrates burnt-on, built-up food soils without scratching or abrading surfaces. It is ideal for use on ovens, grills, hoods, fryers, stovetops and other stainless steel surfaces.

Specifications

Character	Clear, non-viscous liquid
Foam	Moderate
pH Use Dilution	>13.0
Phosphorus Content	0.0%
Approvals	cRc

Pack Sizes

3183738 6/32 ounce cases

Directions For Use

Equipment: Clean cloth, rubber gloves and eye protection.

Use Dilution: Ready to use.

Directions:

Rubber gloves and eye protection are recommended. For gas ovens, do not spray on pilot light. For electric ovens, do not spray on heating element. Use in either warm (150° F - 200° F) or cold empty oven. Clean racks separately. Spray foam over interior surface. Allow foam to work for 10-15 minutes. Wipe clean with wet cloth, sponge or paper towels. Be sure all foam is removed. Rinse. Repeat if necessary.

NOTE: Do not use on aluminum.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.

Check with USC regarding product availability and product registration status in your state. Contact your sales rep for more information.
