HYGENIC HEALTHCARE CONTRIVANCE
Mercure deals with producing single-use, disposable surgical instruments along with hospital equipment for medical practices. Our clients are within private healthcare, medical clinics, nursing, and care homes along with various private consumers.

Our office is based in Sialkot, Pakistan. Our team works in full commitment to ensure that all instruments are in the best of the condition and are produced on time. We also supply customized instrument sets and our research & development department works consistently to create innovative techs & solution.

Mercure has always been boundless and dynamic. The faith of our clients is a representation of our confidence and enthusiasm as we embark on an exciting journey of expansion, innovation, and growth. Our belief is to deliver high-quality medical devices that are up to the mark with world-class products.

Our promise to our valuable clients is to provide them with product of their choice at economical prices and an exceptional level of service. We look forward to connecting and developing with our clients.

Mercure lives by deeply-embedded values. Our values give us standards by which we measure ourselves. Our values guide us and show us the way ahead. And our values are what come back to always. We are committed to the needs of our customers, no doubt our existence is dependant on them. We ensure that none of our codes and beliefs are violated since our license to work is our ethical behavior. Every day, we look forward to doing better and smarter.
**Substantial Quality**

Stainless steel is used. The products are adequate enough to carry out single use at a time with right grade.

**Complete Protection**

The products are in good condition and are sterilized. The sterilization keeps up to 3 months. There will be no risk of cross-contamination. You and your patients will be safe.

**Secured with packaging**

The products are packed in practical cardboard boxes which are in modular sizes. This helps in the availability of products for always being ready to use. It is a dust-free storage space for single-use instruments.
