INGREDIENTS

Grain products, processed grain by-products, roughage products, plant protein products, molasses products, calcium carbonate, salt, yeast culture, basic copper chloride, cobalt carbonate, iron oxide, thiamine mononitrate, magnesium oxide, Vitamin A acetate, Vitamin D3 supplement, Vitamin E supplement, ethylenediamine dihydriodide, manganous oxide, sodium selenite, zinc oxide, feed grade fat product, vegetable fat; BHA and BHT (as preservatives); natural and artificial flavors

DIRECTIONS FOR USE

Feed Horn Show Calf Finisher Medicated as the sole ration to show cattle weighing 800 lbs and up or in any situation as long as properly managed. Feed 16.67 lbs to provide 250 mg/head/day or up to 20 lbs to provide 300 mg/head/day of Lasalocid. Always provide clean, fresh water as well as good quality hay to insure rumen health.

Caution: Follow label directions: Feeding added selenium at levels in excess of 3 mg per head per day in the total diet is prohibited. One ounce of Horn Show Calf Finisher Medicated contains 0.009 mg of selenium.

Warning: A withdrawal period has not been established for this product in pre-ruminating cattle.

Do not use in calves to be processed for veal.

Caution: The safety of Lasalocid for use in unapproved species has not been established. Do not allow horses or other equines access to feeds containing Lasalocid as ingestion may be fatal.
