

# POSH POOL PILLOW

Every Posh Pool Pillow comes with a Zipper Pull Tab for child safety. The zipper tab is made to be easily removed by bending and breaking the tab off.

\*Both the Posh Pool Pillow Satin insert bag & UV Canvas Cover contain a safety lock/zipper.

\*\*If the zipper tabs have not been broken off, please do so immediately.

## ***Steps For Opening a Zipper without a tab***

---

*Follow these steps to pull a safety zipper on your Pool Pillow.*

- 1. Start by finding a paper clip and slightly bend the prong outward.*
- 2. Insert the paper clip into the hole in the zipper where a tab would typically be placed.*
- 3. Use the paper clip to pull the zipper up/down. Always remove the paper clip when finished.*
- 4. Zipper should always be securely closed whether in use or being stored.*
- 5. If zipper is open for draining, ensure it's out of reach from children.*
