

Product	DULCINYL RECRYS		
Print Date	02.07.2019	Page	1 (11)

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name	: DULCINYL RECRYS
IFF Code	: 00048775
Cust. Material	: 00048775
SDS Number	: R00000220187

1.2 Relevant identified uses of the substance or mixture and uses advised against

Use of the Substance/Mixture : Ingredient used in Flavour and/or Fragrance preparations 1.3 Details of the supplier of the safety data sheet

Company	:	International Flavors & Fragrances (Zhejiang) Co., Ltd. No. 321, 20 Ave 310018 Zhejiang China
Telephone	:	+8657128928321
Telefax		+8657128928306
E-mail address	:	sds@iff.com
Responsible/issuing person		
1 Emanganary talankana numbar		

1.4 Emergency telephone number

Refer to section 16 for country specific emergency contact number.

2. Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

2.3 Other hazards

ProductDULCINYL RECRYSPrint Date02.07.2019Page 2 (11)

3. Composition/information on ingredients

3.1 Substances

Chemical name of the substance	:	4-(1,3-benzodioxol-5-yl)butan-2-one
Chemical characterization	:	aromatic ketones
Molecular formula	:	C11H12O3
Molecular weight	:	192,10 g/mol
CAS-No.	:	55418-52-5
EINECS-No.	:	259-630-1
Remarks		:
For the full text of the H-Statements	s mer	ntioned in this Section, see Section 16.
3.2 Mixtures		

3.2 Mixtures

Not applicable, product is a substance.

4. First aid measures

4.1 Description of first aid measures

4.11	Description of first and measures		
	General advice	:	Take Hazard and Precautionary phrases (section 2) into account.
	If inhaled	:	Remove from exposure site to fresh air and keep at rest. If victim is unconscious, remove foreign bodies from the mouth. If victim has stopped breathing, give artificial respiration. Obtain medical advice.
	In case of skin contact	:	Remove contaminated clothes. Wash thoroughly with water (and soap). Contact physician if symptoms persist.
	In case of eye contact	:	Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.
	If swallowed	:	Rinse mouth with water and obtain medical advice.
4.2 N	Most important symptoms and eff	ec	ts, both acute and delayed
	Symptoms	:	No information available.
	Risks	:	No information available.
4.3 I	Indication of any immediate medi	cal	attention and special treatment needed
	Treatment	:	No information available.

5. Firefighting measures				
5.1 Extinguishing media				
Suitable extinguishing media	: Carbondioxide, dry chemical, foam.			
Unsuitable extinguishing media	: Do not use a direct waterjet on burning material.			
5.2 Special hazards arising from the substance or mixture				
Specific hazards during firefighting	: Water may be ineffective.			
5.3 Advice for firefighters				
Further information	: Standard procedure for chemical fires.			
6. Accidental release meas	ures			
6.1 Personal precautions, protective	equipment and emergency procedures			
Personal precautions	: Avoid inhalation and contact with skin and eyes. A self-contained breathing apparatus is recommended in case of a major spill.			
6.2 Environmental precautions				
Environmental precautions	: Keep away from drains, surface- and groundwater and soil.			
6.3 Methods and materials for containment and cleaning up				
Methods for cleaning up	: Clean up spillage promptly. Remove ignition sources. Provide			

6.4 Reference to other sections

Prevent spreading over a wide area (e.g. by containment or oil barriers).

7. Handling and storage	
7.1 Precautions for safe handling	
Advice on safe handling	: Avoid excessive inhalation of concentrated vapors. Follow good manufacturing practices for housekeeping and personal hygiene. Wash any exposed skin immediately after any chemical contact, before breaks and meals, and at the end of each work period. Contaminated clothing and shoes should be thoroughly cleaned

Product	DULCINYL RECRYS	
Print Date	02.07.2019	Page 4 (11)
	before re-use. If appropriate, procedures used during the handling of a should also be used when cleaning equipment or remove chemicals from tanks or other containers, especially wh hot water is used, as this may increase vapor concentral workplace air. Where chemicals are openly handled, ac be restricted to properly trained employees. Keep all heated processes at the lowest necessary temp order to minimize emissions of volatile chemicals into	ving residual nen steam or tions in the eccess should erature in
Advice on protection again fire and explosion	 Keep away from ignition sources and naked flame. Mixture may charge electrostatically: always use earthing when transferring from one container to another. 	ng leads

7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage areas	: Store in a cool, dry, ventilated area away from heat sources. Keep
and containers	containers upright and tightly closed when not in use.

7.3 Specific end use(s)

Specific use(s)

: No information available.

8. Exposure controls/personal protection

8.1 Control parameters

Contains no substances with occupational exposure limit values.

8.2 Exposure controls

Engineering measures

Where appropriate, use closed systems to transfer and process this material. If appropriate, isolate mixing rooms and other areas where this material is used or openly handled. Maintain these areas under negative air pressure relative to the rest of the plant.

Personal protective equipment

: Use local exhaust ventilation around open tanks and other open
sources of potential exposures in order to avoid excessive inhalation,
including places where this material is openly weighed or measured.
In addition, use general dilution ventilation of the work area to
eliminate or reduce possible worker exposures.

General advice	: Keep away from drains, surface- and grou	undwater and soil.	

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance

: solid

SAFETY DATA SHEET INTERNATIONAL FLAVORS & FRAGRANCES

Product	DULCINYL RECRYS	
Print Date	02.07.2019	Page 6 (11)
Colour	: off-white to tan	
Odour	: conforms to standard	
Odour Threshold	: not determined	
Flash point	: Note: Not applicable	
Lower explosion limit	: not determined	
Upper explosion limit	: not determined	
Flammability (solid, gas)	: not determined	
Oxidizing properties	: not determined	
Auto-ignition temperature	: not determined	
pH	: not determined	
Melting point	: 47,00 - 52,00 °C	
Boiling point	: not determined	
Vapour pressure	: Not applicable	
Density	: not determined	
Water solubility	: not determined	
Partition coefficient: n- octanol/water	: log Pow: 1,148	
Solubility in other solvent	s : not determined	
Viscosity, dynamic	: not determined	
Viscosity, kinematic	: not determined	
Relative vapour density	: not determined	
Evaporation rate	: not determined	
9.2 Other information		
Refractive index	: not determined	
10. Stability and reac	tivity	
10.1 Reactivity	·	

No hazards to be specially mentioned.

10.2 Chemical stability

Stable under normal conditions.

10.3 Possibility of hazardous reactions

Hazardous reactions

: Note: Presents no significant reactivity hazard, by itself or in contact with water. Avoid contact with strong acids, alkali or oxidizing agents.

10.4 Conditions to avoid

Product	DULCINYL RECRYS	
Print Date	02.07.2019	Page 7 (11)
Conditions to avoid	: Direct sources of heat.	
	. Direct sources of heat.	
10.5 Incompatible materials Materials to avoid	: Avoid contact with strong acids, alkali or oxidiz	ing agents.
10.6 Hazardous decompositio	n products	
Hazardous decomposition products	-	pounds may be
11. Toxicological infe	ormation	
11.1 Information on toxicolog	ical effects	
Acute toxicity		
Acute oral toxicity	: LD50: 4.000 mg/kg Species: Rat Remarks: RIFM	
Acute dermal toxicity	: LD50: > 5.000 mg/kg Species: Rabbit	
Skin corrosion/irritation		
Skin irritation Skin irritation	 No information available. Species: human Result: No skin irritation Method: closed patch test Exposure time: 48 h Species: Rabbit Result: No skin irritation Exposure time: 24 h 	
Serious eye damage/eye	rritation	
No information available. Respiratory or skin sens	tisation	
No information available. Sensitisation	: Test substance: 0.0%	
	: maximisation study Species: human

		1	
	Result: Did not cause sensitisation on laboratory anim Test substance: 4.0% in petrolatum	als.	

Germ cell mutagenicity

No information available. Carcinogenicity

No information available. **Reproductive toxicity**

No information available. Target Organ Systemic Toxicant - Single exposure

No information available. Target Organ Systemic Toxicant - Repeated exposure

No information available. **Aspiration hazard**

No information available.

12. Ecological information

12.1 Toxicity

12.2 Persistence and degradability

No information available.

12.3 Bioaccumulative potential

No information available.

12.4 Mobility in soil

12.5 Results of PBT and vPvB assessment

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

12.6 Other adverse effects

No information available.

13. Disposal considerations		
13.1 Waste treatment methods		
Product	: Dispose of according to local regulations. Avoid disposing into drainage systems and into the environment.	
Contaminated packaging	: Empty containers should be taken to an approved waste handling	
Version	: 3.5	
Revision Date	: 26.10.2018	

Product	DULCINYL RECRYS

site for recycling or disposal.

14. Transport information ADR Not dangerous goods Environmentally hazardous : no **IATA** Not dangerous goods **IMDG** Not dangerous goods Special precautions for user : No special precautions for user

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Additional Info		: In accordance with EC directives or respective national laws, the product does not need to be classified nor labelled.
Water contaminating class (Germany)	:	WGK 2significantly water endangering

15.2 Chemical safety assessment

A Chemical Safety Assessment is not required for this substance.

16. Other information

Full text of H-Statements referred to under sections 2 and 3.

In December 2003, the National Institute for Occupational Safety and Health ("NIOSH") published an Alert on preventing lung disease in workers who use or make flavorings [NIOSH Publication Number 2004-110]. In August 2004, the United States Flavor and Extract Manufacturers Association (FEMA) issued a report entitled "Respiratory Safety in the Flavor Manufacturing Workplace".

Both of these reports provide recommendations for reducing employee exposure and for medical surveillance in the workplace. The recommendations in these reports are generally applicable to the use of any chemical in the workplace and you are strongly urged to review both of these reports.

The report published by FEMA also contains a list of "high priority" chemicals. If any of these chemicals are

Product	DULCINYL RECRYS		
Print Date	02.07.2019	Page	10 (11)

present in this product at a concentration $\geq 1.0\%$ due to an intentional addition by IFF, the chemical(s) will be identified in this safety data sheet.

According to Regulation (EC) No. 1907/2006 the information in this safety data sheet is based on the properties of the material known to IFF at the time the data sheet was issued. The safety data sheet is intended to provide information for a health and safety assessment of the material and the circumstances, under which it is packaged, stored or applied in the workplace. For such a safety assessment International Flavors & Fragrances holds no responsibility. This document is not intended for quality assurance purposes.
