Product User Guide

General

Turn ON/OFF

Toggle the switch on the rear of the alarm clock to on or off to operate.

Charging and re-charging

Insert charging cable into micro USB port marked DC5V. The **LED** indicator turns red when charging and turns off when fully charged. Fully charge before first use.

Clock Functions

Clock Mode/ Bluetooth® Music Mode

Switch between Clock mode and Bluetooth® music mode by pressing the **MODE** button.

Setting the Clock

When in clock mode, press and hold the **PLAY/PAUSE** button. To move between hours and minutes, press and hold the play/ pause button again. To adjust the time quickly press the **NEXT/PREVIOUS** song button.

Setting the Alarm

To turn alarm clock functionality on, ensure you are in clock mode. Press the **PLAY/PAUSE** button to toggle between alarm on and alarm off.
To set the alarm time, when in clock mode, press and hold the **MODE** button. To move between hours and minutes, press and hold the **MODE** button again. To adjust the **Alarm** time press the **NEXT/PREVIOUS** button.

Alarm Off or Snooze Alarm

To snooze the alarm press the **PLAY/PAUSE** button. To turn off the alarm for the day press **NEXT/PREVIOUS** song button

Speaker Functions

Wireless Music Function

Look for the ID relevant to the colour of your product **LESKWAC** and connect on your device (phone, tablet etc.) and select it to connect. There is a prompt sound once the speaker is successfully connected. Play music from your smart device and enjoy music on the go.

Phone Calls

When there is an incoming call, the unit will pause playback and ring to alert you of the call. To answer press the **PLAY/PAUSE** button. To end call press **PLAY/PAUSE** button. To reject a call, press and hold the **PLAY/PAUSE** button. To redial the last number called press **PLAY/PAUSE** button twice. On completion of the call the speaker will automatically recommence playback.

AUX Function

Use a 3.5mm AUX-In cable to connect your media device through the AUX port on the speaker. Connect other end of the AUX cord to your device. You can now play music through the speaker.

USB Play

Play music from a USB Flashdrive by inserting the USB into the USB port. Supports MP3 format files. Press the play button to start playback.

TF Card

Play music from a TF card by inserting the card into the TF card port. Press the play button to start playback.

Lighting Functions

White Light Mode

Initially, when switched on for the first time the LED will be in white light mode. To change the dimming when in white light mode tap the top of the unit on the mesh to desired brightness.

Switching Between White/ Colour Light Modes

To switch between white light mode and colour mode tap and hold the top of the unit on the mesh.

Colour Modes

To change between different colour modes tap the mesh top.
