Clock Memory

When batteries are installed, the clock radio can be unplugged from the power outlet and moved to a new location without losing the set time.

Batteries Required:

3 x AAA Batteries
1 x CR2032 Back Up Battery (Supplied)

CAUTION: Don't mix old and new batteries. Do not mix standard (super heavy duty/alkaline), rechargeable and lithium batteries. Remove batteries when not in use for a prolonged period of time.

Do not dispose of batteries in fire, batteries may leak and explode. Do not recharge non-rechargeable batteries.

BUTTON BATTERY WARNING - KEEP OUT OF REACH OF CHILDREN

Swallowing may lead to serious injury due to chemical burns. If you suspect a child has swallowed or inserted a button battery immediately seek medical advice. If the battery compartment does not close securely, stop using the product and keep it away from children.

CAUTION:

Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.
