

SIR FRUIT

Bursting with flavour and nutrients, the vibrant new range of cold Pressed juices remain true to the brand, naturally, with product integrity being the number one priority.

“Unpasteurised and never heated, it’s only the good stuff,” says Sir Fruit’s brand manager, Taryn van Zyl.

“You will not find a tastier, more delicious cold pressed juice out there. They are free from added sugar, preservatives, artificial flavours, colours or stabilisers.”
