

A sanitary **cap** for a water jug spout.

Problem

Spouts on water jugs may be exposed to bacteria during transport and unwanted pests at home

Current solution used by customers is to cover the spout with a plastic bag

Solution

Spigcap forms spill proof seal around spout

- Durable food-grade silicone, BPA free
- Clips on spout stem when tilted
- Works for hot & cold beverages
- Patent Pending

Impact

- Maintain cleanliness
- Prevent mold and bacteria build-up
- User friendly design
