

Ring Size Guide

Here are two ways to measure your ring size at home.

Method 1:

Print out this page. **Do NOT check 'fit to page' as the printed measurements must stay the same.** Measure a ring you already have by placing it over the top of one of the circles below. Line the inside of your ring up with a circle. This is your approximate UK ring size.

Method 2:

- Cut around the sizer below. Cut out the slot as instructed
- Wrap around finger and slide logo end through the slot to form a loop
- Pull gently - it should feel secure but comfortable
- The loop should slide over your knuckle
- Read the letter the arrow is pointing to

This is your approximate ring size.
