

STANDDESK™
For Business

Welcome to StandDesk™ for Business.

If you're overwhelmed by the number of standing desk options available, you're not alone. From the low price, low quality options on the ecommerce marketplaces to the high-end manufacturers charging a premium for brand name, it can be a confusing shopping experience.

StandDesk is here to offer you high-end, contract-grade quality products without the big brand price tag. When we combine great value with exceptional service, we're sure to make you a customer for life. We mean it when we say you stand smart with StandDesk.

We have grown our business on our premium quality electric sit-stand desks available in over 100 size, color, and material combinations. Now, we're expanding our selection to include dividers, power beams, storage, seating, and more. StandDesk for business provides everything you need to design, plan, specify, and install* a complete and affordable workspace for your business.

We partner with you every step of the way, from our free space planning service through our competitive bulk pricing discounts and post-installation support. If you think we're proud of our products, wait until you meet our people.

*Contact support for installation availability in your area.

Why Partner with StandDesk?

Customer-focused team: Our management and service team have over 30 years of commercial office experience. What does that mean for you? We've lived through it all and are always working toward better solutions and products.

Competitive pricing: Not only do we believe that we provide the highest quality electric sit-stand desks at the best prices in the industry, we also offer bulk pricing and business-only promotions to new and existing business customers.

Responsive service: StandDesk is known for its responsiveness and expertise in answering and solving your challenges. Our complimentary design and customer service teams work together to get your team on its feet as quickly as possible.

Dependable inventory and stocking: Whatever your project demands, we're ready to fill orders quickly by stocking products in bi-coastal warehouses.

Warranty: We stand behind our products with an industry leading 10-year limited warranty on the steel frame and a 5-year warranty on the electronics and motor, including the controller and keypad. We didn't pop-up overnight and we won't leave you high and dry a few months after your purchase.
