Hugo2 Series
Towel Rails

tissino

Designed to Inspire
Made to Experience

Design/ designo

< Modern design and excellent choice of 9 different sizes and 5 finishes

< Italian designer brand - chrome, textured and gloss finishes

< Tidy, discreet bleed valve on the reverse of the rail and neat, sealed rail tops

Perform/ eseguire

< Primary heat source, unrivalled heat output means Hugo2 can be specified with confidence

< Tested to perform Every Hugo2 rail is CE tested and complies with EN442 - 1, 2 & 3

< Robust, colour matched metal brackets facilitate our confidence to offer a 10 year manufacturer's guarantee

Inspire/ ispirare

< Colour matched, angled valves available for the perfect finished result

< Stunning design 5 finishes perfectly complement modern sanitary fittings and décor

< Pricing structure and UK stock levels reflect why this is the best selling towel rail in the market

Creato per architetti

Created for architects - the Hugo2 Series of beautifully engineered towel rails brings stunning design and state-of-the-art technology to the market place. With its industry leading performance results, the Hugo2 Series combines maximum design flexibility with unsurpassed reliability.

Choose from 9 sizes and 5 designer finishes, all with exceptional heat performance. As you would expect from Tissino, the attention to detail and quality craftsmanship set the Hugo2 Series apart from any other towel rail currently available to the architect and specifier.

Specification note there is a reduction in the heat output values when selecting chrome finish.

TISSINO

Designed to Inspire
Made to Experience

Eccellenza tecnica

The Hugo2 Series follows the Tissino ethos of **inspirational simplicity**. With its timelessly modern and minimalist design this collection of contemporary towel rails is designed to complement any design environment.

Form follows function. The Hugo2 Series is both visually appealing and effective with the added quality you expect from Tissino.

“ Having installed my first Hugo2, I put the heating on, took my tools to the van, and when I returned the bathroom was like a sauna. ”

Model/Modello
Hugo2 Anthracite/Antracite 1212x600mm

Model/Modello
Hugo2 Chrome/Cromo 812x500mm

Packaging/Imballaggio
Every item is checked and carefully packaged to arrive in perfect condition

Manufacture/Fabbricazione
Brazing process in the oven takes place at 1090°C reducing the factory reject rate to less than 1/1000

The brazing process is much faster than manual welding and produces homogenous joints

Fully automatic, plc controlled, chrome plating line

Quality/Qualità
The Hugo2 Series is made to the highest quality standards and carries our 10 year guarantee.

Every Tissino product is rigorously tested and the Hugo2 Series is no exception. Each product tested is CE certified as well as complying with EN442 - 1, 2 & 3 and full certification is available on request.
