

SAFETY CHECKLIST

Make sure to check these boxes every time you work with a torch.

-  **FIRE EXTINGUISHER NEARBY**
Make sure to have one sitting in a space where it will be easy to grab. Make sure you know how to use it and make sure you have it regularly serviced.
-  **TIE YOUR HAIR BACK**
Tie back those long gorgeous locks.
-  **WEAR NATURAL FIBER CLOTHING**
It's important to have on natural fiber clothing such as jeans and a cotton shirt or an apron made from natural fibers.
-  **WELL VENTILATED ROOM**
Make sure your room has an open window, exhaust hood, smoke/fume absorber or a way for the air to flow, and preferably flow out of the room. Placing a fan by the window to draw the air out is a great way to ventilate the room.
-  **CLEAN WORK SURFACE**
Nothing flammable on your work surface - no paper, tissues, steel wool etc. Make sure your surface is covered in a non combustible surface like a cookie sheet or a piece of sheet metal.
-  **LOCK UP THE PETS AND KIDS** 🙄
Make sure anyone who might distract you, is settled somewhere else.
-  **PRACTICE TURNING YOUR TORCH ON AND OFF A FEW TIMES BEFORE BEGINNING**
Practice turning your torch on and off so it's seamless, quick and easy.
