Original Lishi Tool Verification

How the Process Works

1. Scratch the coating off the verification code on the bottom of the label affixed to the back of the tool.
2. Visit <http://originallishi.com> and click the Tool Verification link at the top of the page.
3. Enter the verification code and your email address and confirm that the tool is verified successfully.
4. Be secure in the knowledge that you own a true Original Lishi tool.

About the Verification Label

- ① Hidden UV number corresponding to the colored digit on the right side.
- ② Randomly colored QR Code.
- ③ Scratch coating covering a ten position randomly generated combination of ten letters and numbers.
- ④ Sequential tool management numbers.

To make certain that his tools are not illegally copied or distributed, Mr. Li has implemented a verification system that will guarantee that you are getting tools that offer only the highest level of quality.

Thank you for your continued support of Original Lishi Tools.

Mr. Li

Verifying your tools is the only way to insure that you are getting TRUE Original Lishi Tools quality and design.
