

ARBITER 2

T2B Fanned Airflow

Smaller and a big leap forward! As an improved mini version of the original Arbiter, the Arbiter 2 features a top-to-bottom fanned airflow on its postless build deck, which improves the flavor further while eliminating leakage.

Features

- 100% Leakproof
- Top-to-Bottom Airflow Design
- Fanned Airflow Structure
- Dual/Single Coil
- 5ml Capacity
- 810/510 Replaceable Drip Tip
