PENDANTS:	one
CABLE LENGTH:	2290mm (90")
LAMPING:	1.5w LED
PLUG TYPE:	NA Type A - 110V
	EU Type C - 230V
	UK Type G - 230V
INSTALLATION:	preset length, composed during installation. May also be wall mounted.
MATERIALS:	dipped glass, black flexible cord with brass base and dial control
WEIGHT:	approximately 1.5kg (3.4lb)
POWER SUPPLIES:	integral

±100-165 (4-6")

1765 (69.5")   485 (18.9")

Ø75 (3")

approx 1.5kg (3.4lb)

DESCRIPTION

The 't' designation in this variation on the 57 refers to its use as a table light. The table light has a 2290mm (90") long flexible cable with dial control for on/off/dimming. There is notch on the back of the pendant base and dial control for wall mounting.

57 is an exploration of a technique used for producing closed cell foam. The process involves trapping voids of air of different sizes and configurations within a glass matrix, yielding a shape loosely referencing a rain cloud. These pockets of air remain invisible when the piece is off, but come alive to reveal an interior universe when the piece is illuminated. By virtue of the fabrication process, each piece is completely unique.

NOTES

+ Purchase replacement lamps online at www.bocci.com/shop/bulbs

+ The brass base and dial control are untreated and, as such, will develop a natural patina over time.

+ Please note that due to the thick, dark grey glass, the 57t provides ambient light output only.
