- | | | |
|-------------|---------------|-----------------|
| • BLOOD | • FOOD | • MILDEW STAINS |
| • CANDLEWAX | • FRUIT JUICE | • OIL |
| • KETCHUP | • GRASS | • PET STAINS |
| • CHOCOLATE | • GREASE | • SHOE POLISH |
| • COFFEE | • GRIME | • TEA |
| • COSMETICS | • IODINE | • URINE |
| • CRAYON | • LATEX PAINT | • WINE |

DIRECTIONS FOR USE:

Always test fiber for color loss in an inconspicuous area prior to attempting stain removal. Do not apply to any color sensitive fibers, leather, satin, silk, suede, velvet, non-colorfast wool, or any fabric that can be damaged by water-based solutions.

CARPET

1. Apply product directly to stained area.
2. Using spotting tool or carpet brush, work into affected area.
3. Blot with clean, folded, white, terry cloth towel applying strong palm pressure or by standing on blotter with full body weight, shifting towel to clean areas as needed.

UPHOLSTERY

1. Apply product to a clean white terry cloth towel and rub/blot the stained area.
2. Moisten clean area of towel with product and repeat steps if necessary.

NOTE: When removing stains from clothing, first remove clothing and place absorbent blotter behind stained area before stain removal.

PRE-TREATMENT

1. Apply product directly to stain.
2. Fold fabric and rub stained area together.
3. Machine wash. If stain persists, repeat procedure before drying. Excessive heat from dryer may actually set stains into the fabric.

TYPICAL PRODUCT CHARACTERISTICS

Appearance -----	Opaque
Scent -----	Mild Pleasant Odor
pH -----	6.5
Weight, per U.S. gallon -----	8.42 lbs.
Specific gravity -----	1.015
Emulsification -----	Excellent
Rinsability -----	Excellent
Stability -----	Excellent
Solubility -----	Complete
DOT shipping -----	Non-hazardous
