colourless & fragrance free

dilution guide

what you need

Love Rescue 001
certified organic
multi-purpose cleaner

empty spray bottle

empty pump bottle

ingredients

aqua

coconut extract

(lauryl glucoside, sodium lauryl glucose carboxylate,
caprylyl glucoside)

natural sodium bicarbonate

sodium chloride solution

(rock salt)

lemon extract

aloe vera extract

cleaning produce

dilution 1:5

mix 1 part love rescue 001 with 5 parts water
into an empty spray bottle

step 1: rinse the produce with clean water
(vegetables, fruits, rice grains, legumes, seafood)

step 2: place the produce into an empty bowl

step 3: spray love rescue 001 directly onto the produce and
add some water to soak for 5 minutes

(toss and turn the produce to make sure all surfaces are in
contact with love rescue 001)

step 4: rinse the produce thoroughly with running water

hand washing

dilution 1:10

mix 1 part love rescue 001 with 10 parts water
into an empty pump bottle

step 1: rinse your hands with clean water

step 2: apply love rescue 001 on your hands

step 3: lather your hands by rubbing them
together with love rescue 001

step 4: rinse your hands thoroughly with clean water
and wipe dry using clean towel

cleaning milk bottle

dilution 1:5

mix 1 part love rescue 001 with 5 parts water
into an empty spray bottle

step 1: rinse the milk bottle with water

(same for pacifier, breast pump and drinking straw)

step 2: spray love rescue 001 directly onto the milk bottle

step 3: scrub the milk bottle using a sponge or bottle brush

step 4: rinse off thoroughly with running water

cleaning toys

add 2 pumps (8ml)

1 pump concentrate = 4ml

step 1: add 2 pumps (8ml) love rescue 001 concentrate into half a bucket of water

step 2: stir well and add the toys into the bucket

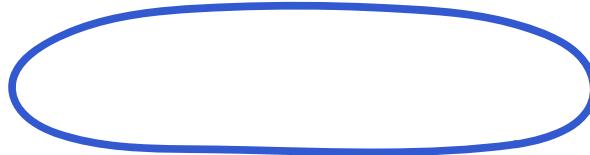

step 3: soak for 10 minutes

step 4: rinse off thoroughly with running water

cleaning playmat

dilution 1:5

mix 1 part love rescue 001 with 5 parts water
into an empty spray bottle

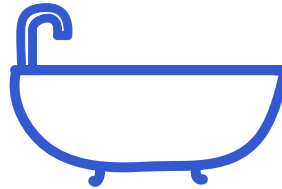

step 1: spray love rescue 001 onto a semi damp cloth
and wipe the playmat

step 2: wipe the playmat again with clean water

cleaning bathroom

dilution 1:5

mix 1 part love rescue 001 with 5 parts water
into an empty spray bottle

step 1: spray love rescue 001 directly onto the bathroom tiles,
basin, bathtub, toilet bowl

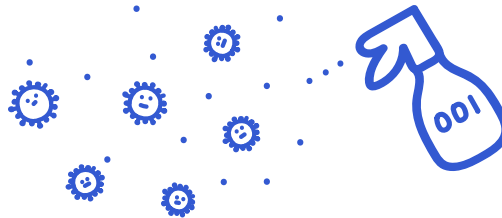

step 2: scrub the surface using a brush

step 3: rinse off thoroughly with running water

sanitising hands and disinfecting surfaces

dilution 1:30

mix 1 part love rescue 001 with 30 parts water
into an empty spray bottle

sanitising hands: spray love rescue 001 evenly onto all areas
of your hands and rub dry

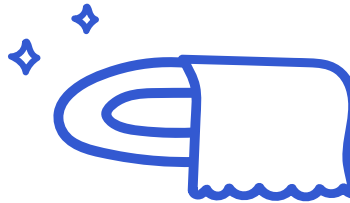

disinfecting surfaces: spray love rescue 001 onto any surfaces
and let it dry naturally

*Love Rescue 001 eliminates 99.99% enveloped viruses such as COVID-19,
Influenza, Hepatitis B and C, and Hemorrhagic Fever (Ebola Virus) in 1 minute.
(EN14476 test method)

cleaning dishes

dilution 1:3

mix 1 part love rescue 001 with 3 parts water
into an empty pump bottle

step 1: rinse your dishes with running water

step 2: dispense love rescue 001 directly onto the dishes
and scrub evenly

step 3: rinse off thoroughly and dry your dishes

cleaning kitchen

dilution 1:3

mix 1 part love rescue 001 with 3 parts water
into an empty spray bottle

step 1: spray love rescue 001 directly onto the kitchen surfaces
(stove, oven, kitchen hood, wash sink)

step 2: scrub the surface using a sponge

step 3: wipe off using a semi damp cloth and clean water

cleaning jewelry

dilution 1:5

mix 1 part love rescue 001 with 5 parts water
into an empty spray bottle

step 1: spray love rescue 001 directly onto the jewelry
(diamond, silver, gold, precious stone)

step 2: scrub the jewelry using a small brush

step 3: rinse off thoroughly with running water and wipe dry

*not applicable on pearls

mopping floor

add 1 pump (4ml)

1 pump concentrate = 4ml

step 1: add 1 pump (4ml) love rescue 001 concentrate
into half a bucket of water

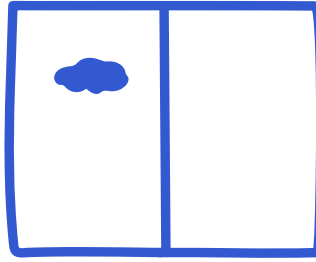

step 2: stir well and mop the floor using the water in the bucket

step 3: mop again with clean water

cleaning glass panels

dilution 1:50

mix 1 part love rescue 001 with 50 parts water
into an empty spray bottle

step 1: spray love rescue 001 directly onto the glass panels

step 2: clean the glass using a microfibre cloth

eliminating pests

dilution 1:5

mix 1 part love rescue 001 with 5 parts water
into an empty spray bottle

step 1: spray love rescue 001 directly at the pest

(drain flies, worms, ants, cockroaches, mosquitoes)

step 2: spray love rescue 001 onto the floor trap cover, gutter,
and rim of overturned pail
