

## Solar Powered Bollard Automatic Operation

reed M solar	color	item no.	system performance
	 <b>deep black RAL 9005</b>	93821-BL	<b>1.1 W/22 lm</b>

reed L solar	color	item no.	system performance
	 <b>deep black RAL 9005</b>	93822-BL	<b>1.1 W/22 lm</b>

### technical information:

LED  
lithium-ion battery  
1x 2600 mAh  
2700K  
solar panel S

### operating time:

automatic switch-on at dusk  
for a duration of approx. 5 hrs

### connection:

4.6 ft (reed M)/3.9 ft (reed L)  
supply cable luminaire  
(H05RN8-F 2x0.03"²)  
+ 3.3 ft supply cable solar panel  
(H05RN8-F 2x0.03"²)

### movable

### material:

luminaire: aluminum die-casting  
powder-coated  
+ smoke-colored glass  
solar panel: head: aluminium-diecasting  
powder-coated; pole:  
stainless steel powder-coated;  
clear glass

### protection class:

**IP65**

### light direction:
