

## Beta Big P/PL Ceiling/Wall Lamp

Paolo Franzin, 2010

Beta, designed by Paolo Franzin, plays with the nuances of its light source. Its simple gradient of color on a glass plate reads as a beautiful white when turned off but becomes a display of beautiful fading sand colors when illuminated. The result is something in between a functional lamp and a work of art. Beta is available in 2 sizes (Beta Big and Beta Small) as well as an Integrated LED option in the small version.

### Diffuser/Structure Finish:

Off: Gloss White  
 On: Shades Of Sand
