

## Vittoria TR Floor Lamp

Toso, Massari & Associates, 1992

Vittoria is an icon of Leucos design and brings a piece of history into your home or office. Vittoria was designed in 1992 by Toso, Massari & Associates and is the epitome of form follows function as it makes the mesh metal lamp guard a decorative aspect of the piece. Its hand-blown glass diffuser (available in transparent or satin white) is made with a traditional Murano hand-blown glass technique called *incamiciato* (Italian for "jacketed" or "layered"), which requires multiple layers of glass during the blowing process and created rich multiple light sources as light is allowed to escape downward, upward, and outward. Vittoria's design is minimal to be sure, but it is functional to excess. Vittoria Collection includes a Floor, Table and Wall Lamp.
