

## Spider, Design by Andrea Tosetto

### Model Spider

*Spider* is a round suspension lamp resembling an eye that can look into any part of the room. By adjusting the angle of the diffuser, the light beam emitted by the LED light can be directed towards any specific point. When installed on the different clusters available, it can create numerous lighting patterns, from functional to decorative, which can be dimmed at will. Now available in the new Terra finish and as ceiling light. In *Spider*, the simplicity of the looks underscores the versatility of its performance.

Spider	Light source	Structure: Metal	Diffuser: Metal	Code
	LED 3000 K 10 W / 980 lm 120 V CRI 92 MacAdam 3-Step  LED included	Chrome	Matte White – 9010	18340 1030U
		Chrome	Matte Black – 9005	18340 2030U
