

Installation Instructions for **Monorail Straight Conductive Connector**

IMPORTANT INFORMATION

- This product is ETL listed for indoor dry locations.
- This product joins and electrically conducts two Monorail sections end to end.
- The product is intended to be used with Edge Lighting Monorail systems only.

SAVE THESE INSTRUCTIONS!

Install the Monorail Straight Conductive Connector

1: Push the Monorail straight conductive connector pins completely into one Monorail section. **Make sure this Monorail section is secured with the standoffs (Refer to the instructions provided with the standoffs).**

2: Push the other Monorail section completely onto the Monorail straight conductive connector pins and simultaneously connect the Monorail to the standoffs.
