

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. While threading wire through, assemble the rods (3) together using the nipples (4), then attach the bottom end of bottom rod (4) into the coupling (5) tightly, then secure the loop (2) onto the top rod (4).
4. Use the quick link to connect the top loop (2) to the loop on the canopy (1) and twist the locking mechanism to secure.
5. Install proper bulbs (not included) into each socket (6) referring to the markings and/or labels on the fixture for maximum wattage.
6. Install the glass shade (7), steel panel (8), cap (9) onto the nipple (10), then secure them with the wheel (11).
7. Refer to the additional installation instructions included with the product for wiring and installation.
8. Restore power to the installation point and retain this sheet for future reference.
