C41 Brushed brass, W01 Ash,
M01 Concrete

Structure made of epoxy powder coated aluminum band structure accompanied by a brushed brass, painted metal cylinder.
The light source consists of a dimmable LED included. Steel and electric cable adjustable on site.

ABOUT

The Nastro collection of suspension, wall, floor and table lamps designed by Studiopepe sees an epoxy powder coated aluminum band structure accompanied by a cylindric weight that counterbalances its flexuosity, in a refined visual balance. The light source consists of a dimmable LED strip; the cylinders are available in epoxy powder coated metal, in wood, in brushed brass and in raw concrete.
