Tripod HM9

Hvidt & Mølgaard

2023

A

Safety precautions

- Dispose of plastic bag from packaging immediately and keep out of reach of children.
- The lamp is only intended for interior use.
- Do not place the cable within reach of small children or anywhere there is a risk of it becoming a trip hazard.
- If the external cable or cord of the lamp is damaged, it must be replaced by the manufacturer or a similarly qualified person to avoid any potential hazards.
- Consult a professionally qualified electrician if in any doubt.
- Keep the product well out of reach of children.
- Always ensure product is disconnected from power source before attempting any part of the installation process.

A Lampshade

Tools needed

- Bulb type E14

Cleaning instructions

- Wipe surface of the shade with a soft dry cloth.
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, turpentine, household glass cleaner or cellulose thinners.

12/23

For indoor use only
E14 Maximum 25W
Bulb not included

Please follow steps 1 to 4 to assemble the product.

Step 1 / 3

The lamp is delivered fully assembled. Install the light bulb in the socket.

Step 2 / 3

Once the light bulb is installed, rotate the shade by using the flexible joint to achieve the desired angle. Caution: we recommend setting the angle before turning on the lamp as the shade will become hot to the touch once the lamp is in use for longer periods of time.

Step 3 / 3

Insert the plug into a wall socket and use the switch located on the lamp's cord to turn on and off.
