

Belmont XL Task Floor Lamp

CT1241 | 1.0

GENERATION LIGHTING PORTABLE

General Product Information:

This product is safety listed for dry locations only.

This instruction shows a typical installation.

SAVE THESE INSTRUCTIONS!

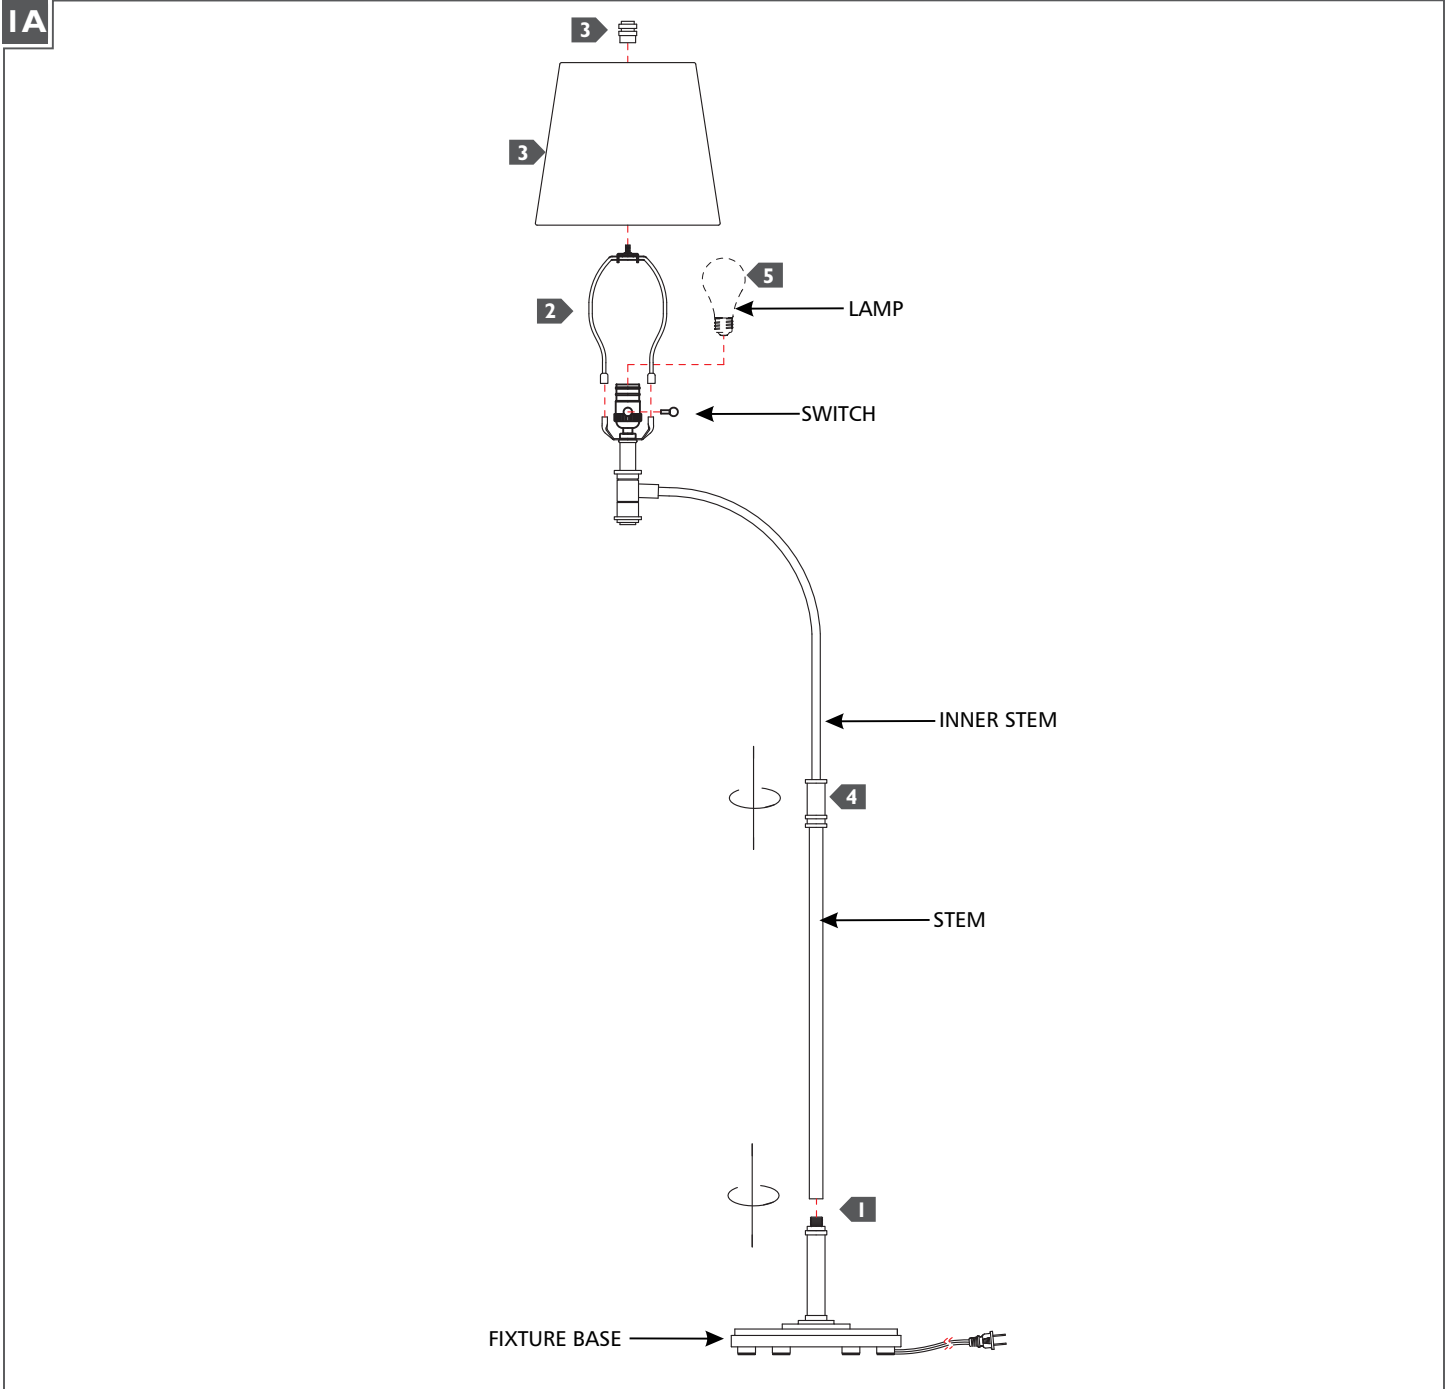

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

Assemble the Lamp

- 1 Screw the stem into the fixture base.
- 2 Install the harp by inserting it in the yoke.
- 3 Install the shade by placing the shade over the harp nipple and screwing the finial onto the nipple to secure it in place.
- 4 To adjust the height of the inner stem, loosen the height lock, adjust to desired height, and tighten the height lock to secure in place.
- 5 Screw the lamp into the socket. Refer to the label on the lamp socket for Max Wattage information.
