# About Alphard Golf

Over the past 20 years, we've been devoted to creating devices and products that improve your golf experience. We love the game of golf. We live for the smell of freshly cut grass, the sight of a beautiful field of rolling green, the sound of driving the ball down the fairway and the feeling of sinking a well-measured putt.

With Club Booster V2, we hope to bring you closer and deeper with the game without the extra weight or dent in your wallet. Enjoy every step of the course and give your best from tee off to hole 18.

*- Alex and Constantine Tse, founders of Alphard Golf*

# THE FLAGSHIP

## Club Booster V2

---

Club Booster V2 by Alphard Golf turns your push cart into a premium electric golf caddy that can be controlled via remote or follow you with the optional CB Sidekick.

Converting your push cart takes less than 20 minutes. Simply remove the existing back wheels and install the mounting brackets. Club Booster V2 includes all the features found on premium electric caddies at a fraction of the price!

# FEATURES

6 - axis gyroscope

Distance timer

Downhill brake control

27 hole battery

Parking brake

Weatherproof
