Tips:

1. You can assist this expansion by shaking and slapping it upside down.
2. Due to unique properties of foam, dimension after expansion will vary, this is normal and will not affect the performance of your pillow.
3. Do not use an external heat source on the pillow. Your body will naturally help the pillow foam to soften.
4. New foam may initially have a slight odor. It is completely harmless, the odor will dissipate over in 1 week with regular use.
5. The pillow itself cannot be washed or dried, however the outer cover is removable and machine washable for your convenience.
