...because **we care**

---

*“It is said a society is judged by how it treats its elderly, disabled and disadvantaged. The quality of life of the elderly and the protection of their dignity is becoming a significant public issue whether it relates to medical treatment, pension provision, inheritance and equity release, age discrimination, personal care or the protection of human rights.”*  
Quote from Brenda Currill, the founder of Medoris Care.

### **Our history**

---

Brenda, our founder, identified several areas in need of improvement where little product development had taken place for many years. This was especially true, when it came to addressing comfort and dignity issues of the vulnerable.

### **Who are we?**

---

We are a leading provider of award-winning specialist products, specifically designed to help people with differing care needs. This includes adaptive clothing and practical products for those with physical support needs.

### **Innovation**

---

Combining her 20 years of experience in textile design and her close working relationship with the care profession, Brenda developed a range of easy to-use, adaptive clothing for the elderly together with other helpful products addressing the issues of dementia, pressure care, positioning, continence care and their inter-relation.

### **Our areas of care:**

---

- Dementia (wandering, aggression, depression, inappropriate undressing).
- Frailness.
- Loss of independence, dexterity and mobility.
- Loneliness and boredom.
- Incontinence.
- Skin sensitivity (sores, ulcers).
- Positioning and pressure relief.
- Palliative care.
- Special needs and learning difficulties.

### **Our prime objectives of care:**

---

- Comfort and dignity of the individual.
- Ease of use and time saving for the carer.
- Cost savings for the care provider.

A Medoris is Care has grown and evolved, so too has the wide range of products and innovations we offer. We are proud to say that our quest for providing professional specialist care aids still continues today.

**T-shirt / Trouser / Shirt**

**M031 - All-in-One T-Shirt and Trousers**

Our non-crease jersey knit trousers are joined to a smart polo top to make one garment with an elasticated waist. It opens down the back with a long zip, which helps discourage inappropriate undressing for those with Alzheimer's and other forms of dementia. It also assures modesty, maintains continence care and helps combat infection by keeping the wearer secure and clean. What's more, it can be modified for PEG and PEJ feeding.

**M201 - Men's Oxford Long Sleeve Shirt with Touch Close Fastenings**

It has all the style of a traditional shirt but with discreet, touch close fastenings and adjustable touch close cuffs. Perfect for easy dressing, those with limited strength and dexterity or suffering from conditions such as Alzheimer's. Other details include: front buttons for a natural look, full sleeves and an inverted pleat for roominess and double folded seams for durability. The 70% combed cotton / 30% polyester blend also make it wrinkle-free and soft to touch.

**MEN'S NIGHT WEAR**

**All in one pyjamas - Long and short sleeves**

**M146 - All-in-One Pyjamas with Long Sleeves**

Made with 100% pure cotton interlock, this full sleeve top and bottom set is joined to make one garment and fastens at the back. The long 28" (71cm) zip and tab and popper make it easy for carers, but difficult for wearers, to access. This helps maintain hygiene, prevent infection and is helpful for those prone to undressing, pulling at catheters, pad shredding or smearing. What's more, it can be modified for PEG or PEJ feeding.

**M030- All-in-One Pyjamas with Short Sleeves**

This all-in-one top and bottom sleepsuit is a short sleeve version of M146. It has all the same benefits, including the long 28" (71cm) zip and PEG or PEJ feeding option. The stretchy cotton interlock fabric gives flexibility to move around, reduces perspiration and controls body temperature all year round. Suitable for those with Alzheimer's and other types of dementia where there's a tendency to try and inappropriately disrobe.

Colours : Navy,Blue

Sizes : Petite, S, M, L, XL, XXL

### **M081 - Completely Open Back Nightshirt with Short Sleeves**

This completely open back nightshirt offers minimal intrusion by the carer, especially for those bedbound or sleeping. The generous fabric allows the wearer to be dressed and undressed with dignity and without having to raise their arms. It also has shoulder poppers to help with toileting and personal care. What's more, the 100% pure cotton interlock fabric is warm in winter and cool in summer.

**Pyjamas with popper fastenings - terry cotton**

Colours :  
Blue, white  
Sizes :  
S/M, L/XL

**M004 - Pyjamas with Popper Fastenings - Terry Cotton**

Just like M005, these loose-fitting, full sleeve pyjamas have an elasticated waist and no buttons, so they can be easily slipped on and off. The difference is that they are made from Terry Cotton fabric. The 85% cotton / 15% polyester blend make them even more absorbent than normal cotton, which is helpful for continence care. They are also very stretchy, so there's no rubbing or pulling on the skin.

Colours :  
Blue  
Sizes :  
S/M, L/XL, XXL

Same style as M004

**M005 - Pyjamas with Popper Fastenings- Cotton Interlock**

These loose-fitting, two piece, 100% pure cotton interlock pyjamas have an elasticated waist and no buttons, so they can be easily slipped on and off. The high-cut waistline is suitable for post operative comfort, including stoma care. There's also well-placed poppers, in both the top and the bottoms, for blood pressure monitoring, taking blood samples and aiding in patient hygiene, toileting and catheter care.

**Open back nightshirt**

**M006 - Open Back Nightshirt with Popper Fastenings**

Warm, soft and breathable, this 100% pure cotton interlock, open back nightshirt is highly absorbent and allows the wearer to be dressed and undressed without having to raise their arms. Suitable for where mobility is a problem and for minimal disturbance for those sleeping or receiving palliative care. It also has well-placed poppers under the left arm, hem and neckline for toileting, medical treatments and personal care.
