

Flat Display - Customizable

Backlit capacitive touch panel in Flat family, with proximity sensor, flat design (9 mm) and total customization.

Anyone can create unique compositions, including images, icons, texts or logos, which are printed on a high strength tempered glass. Room control is simple with the 5 buttons available and up to 8 indicators can be shown on its 2.4" display. The backlit icons for buttons regulate their brightness with the included ambient luminosity sensor and attenuate when the user is not detected by the proximity sensor.

Flat Display includes an internal temperature probe and thermostat, as well as 2 analog-digital inputs that may be configured for potential-free sensors and push buttons, temperature probes or motion sensors.

Accessories: temperature probe and motion sensor.

Available cover options:
