About Us

We are a team of passionate believers in the power of herbs and nature.

The Herb Farm is an award winning business in both Sustainability and Integrity & Ethics, both of these are the core values of the company and brand. Our environmental ethos is to operate our business and create our products with as minimal ecological footprint as possible. Sustainability has been a core focus and underpins every decision we make.

We inspire and nurture our community to live vital, healthy lives supported by the magic of herbs, generations of wisdom, and our own special alchemy.

You are always welcome to visit our destination in the Manawatu – that is where our products are handcrafted (with love), you can see the herbs growing in our beautiful themed gardens, visit the cafe and see our beautiful shop. Please let us know if you are heading our way!

If you have any customer questions you need assistance with please feel free to phone us direct at The Herb Farm, our sales team in the retail shop are available 7 days a week (10am – 4:30pm) to help you. Ph: +64 6 326 8633

Why choose The Herb Farm?

30 years of alchemy, and harmony with our environment

For 30 years we've been lovingly creating natural skincare and wellness products.

We don't use the term 'natural' loosely. For us, natural is about using fresh herbs grown in our garden, so you can be assured the products you use on your skin are safe and effective. But it's not just our use of fresh herbs that makes us special. Our knowledge of extracting the best benefits from herbs comes from decades of experience, generational wisdom, and our unique way of doing things.

While our focus is always to care for you, our environmental ethos is to operate our business and create our products with as minimal ecological footprint as possible.

Sustainability has been a core focus and underpins every decision we make.

When you use our products or visit our property, you can be assured that everything we do is to work in harmony with the environment, with the utmost of respect and care, and to only leave footprints behind.

Our Products

Natural Skincare & Wellness Products You Can Trust

Our beautiful, safe, 100% natural products have been designed to nourish, soothe, and promote radiant skin, as well as support health and wellbeing. Everything that goes into our products comes from nature including fresh herbs from our own garden.

We love hearing about the results our customers see from using our products and we know the products showcase the amazing powers that herbs and nature can offer.
