Bellani

Luxury Merino Blankets

Information

OUR NAME

"Bellani" comes from the Italian words for beautiful (*bella*) and wool (*lana*). Beautiful wool was an intuitive fit for our organic throws and blankets made of fine merino in Europe.

OUR STORY

Allie Petrova
Founder

When the world was urged to stay at home, in March 2020, Allie Petrova set out on a journey to bring warmth into people's homes. Whether working at her desk in her home office or unwinding while watching a movie, she wished for an organic blanket to wrap herself in comfort and coziness. Allie wanted to create the perfect, luxuriously soft blanket made of fine merino wool.

We work with European mills with long traditions in weaving to offer handcrafted throws with exquisite detail. Our color schemes are inspired by nature. Bellani's blankets and throws are versatile and generous in size.

Bellani believes in supporting the community. Our partners are female entrepreneurs, and our blankets are crafted by women artisans.

BENEFITS OF MERINO

- Dreamy soft to the touch unlike other wool. We use fine merino with extra thin fibers for superior softness.
- Sustainable, environmentally friendly, and all-natural material.
- Comfortable at all times and perfect for all-year use, thanks to its thermo-regulating properties.
- Hypoallergenic and suitable for sensitive skin.
- Antistatic and does not attract particles, so your merino blanket stays clean longer.
- Does not retain odor-forming bacteria, which means you do not need to clean your merino blanket as frequently.
