

# 3-Tier Walden White Grow Tent

## Maximum Strength 3-Tier Shelving

3 fixed shelves provide up to 24 ft<sup>2</sup> of grow space and support up to 100 lbs each. Shelves are spaced 18" apart to easily accommodate plants, mushrooms and lighting.

## EcoWhite PEVA – Triple Layered

The 100% toxin-free material creates a safe, stylish and easy to clean growing area. The tent interior is 10% more reflective than even the most reflective mylar tents.

## Vapor Tabs for High Humidity

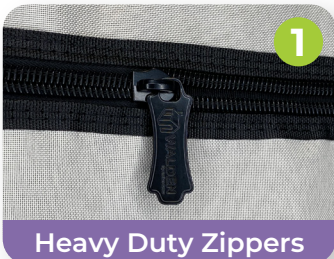

Innovative Vapor Tabs direct humidity buildup on the tent interior straight into the spill tray, preventing leaking through the tent floor and creating a contaminated space.

## Infinity View Front Windows

Extra-large front viewing windows let growers check on plants without disturbing humidity or temperature. Window covers roll back and secure with velcro straps.
