

# OWN YOUR HARVEST

**Bridging the gap from wet-trimming to dry-trimming and everything in between, Hybrid is the nexus of price and performance.**

The Trimator Hybrid represents the best of all worlds. Punching way above its weight-class, the Hybrid delivers double the throughput as its nearest competitors yet comes with a smaller price tag. With features only seen on high-end machinery, the all-in-one design, flexible bed knife, and tool-free assembly/disassembly & tandem/tridem coupling really sets the Hybrid apart from the rest of the pack. The Trimator Hybrid is the only continuous throughput-style trimmer on Earth to offer a stainless steel helical blade – and it comes standard. Trimator Hybrid, where price meets performance.

## KEY FEATURES

- Industry Leading Throughput.
- Industry Leading Trim Quality.
- Flex Knife Technology.
- Removable Power Pack.
- Stainless Steel and Aluminum Construction.
- Integrated Separation System with onboard vacuum.
- Tool-less disassembly.
- Tandem Ready.
- Integrated Jacking System.
- Variable speed Tumbler and Helical Blade.
- GMP-Ready.

# SPECIFICATIONS

Wet/Dry/Semi Dry Capable	Yes
Material Composition - Tumbler	304 Stainless Steel
Material Composition - Helical	420 Stainless Steel
Material Composition - Bed Knife	716 Stainless Steel
Tumbler Diameter	5.5"
Cutting Length	23.25"
Overall Width	22"
Overall Length	39"
Overall Height	42.5"
Overall Weight	<250 LBS
Fits Through a Standard Door	Yes
Helical Speed Adjustments	6 Speeds, 1200-2000 RPM
Tumbler Speed Adjustments	6 Speeds, 50-130 RPM
Vacuum Adjustments	Variable
Feed Rate - Wet Trim	40 LBS/HR*
Feed Rate - Dry Trim	15 LBS/HR*
Feed Rate (Tandem) - Wet Trim	88 LBS/HR*
Feed Rate (Tandem) - Dry Trim	34 LBS/HR*
Vacuum Motor Power	1.5 HP
Cutter Motor Power	0.5 HP
Tumbler Motor Power	1/25 HP
