

Versaflex 1.2 & 1.3

LED Commercial Down Light

Our Versaflex Commercial down light has been optimized to the third generation. The innovative separable design of junction box and housing make it more flexible and considerate. Versaflex 1.3 Series downlights have a built-in integral junction box that eliminates the need for a traditional recessed housing. During installation, it simply gets wired to a wall switch and placed into the ceiling.

- Up to 100 lumens per watt
- Available with either 4/6/8" downlight cans
- Innovative separable design of j-box & trim
- No can needed
- Select any trim size with one J-Box
- Optional retrofit kit and backup battery
- 0-10 Dimming
- Universal 120-347Vac
- Energy Star certified
