# **Product # 160**

**C** DIFF Kills C. diff in 4 minutes

Cdiff Disinfectant Tablets are the convenient and easy way to kill C. diff and many more organisms in just 4 minutes. These powerful tablets utilize sodium troclosene as the active ingredient and are bleach free. Sodium troclosene is much more stable than sodium hypochlorite (bleach), and releases chlorine at a much slower rate which means that Cdiff Disinfectant Tablets produce a solution that maintains disinfecting power for 3 days, in a sealed container, and 24 hours in an open container vs. bleach solutions that become inactive after a day. With a pH of around 6, Cdiff Disinfectant Tablets are the perfect disinfectant for virtually any surface, including floors, in hospitals, medical offices, dental offices, clinics, day care centers, nursing homes, veterinary clinics, and more.

### Use to Disinfect:

- Hospitals
- Nursing homes
- Operating rooms • Day care centers
- Nurseries
- Vets, zoos and pet shops
- Kennels
- · Cosmetic, pharmaceutical and medical device manufacturing facilities

- Medical & Dental clinics
- Medical research facilities
  - Veterinary clinics

• Animal life science labs

- Clostridium difficile (C. diff)
- Carbapenan resistant Klebsiella Pneumoniea Influenza H1N1
- Klebsiella pneumoniae
- Staphylococcus epidermidis
- Enterococcus faecalis (Vancomycin Resistant)
- Staphylococcus auresus (GRSA & MRSA)

## Features and Benefits

- A broad-spectrum disinfectant, virucide and mildewcide.
- Effective in both hot and cold water.
- Disinfects and protects against odor.

• Ships DOT non-hazardous

- Norovirus • Canine parvovirus
  - Canine Distemper virus
  - Newcastle Disease Virus
  - Pseudorabies virus
  - And many more
