

ONE STEP

ONE-STEP is a cleaner-restorer for high speed floor maintenance programs. May be used in mop-on/burnish or automatic scrubber applications. Repairs scuffs and scratches, cleans, restores gloss and saves labor time.

**CLEANER AND RESTORER
FOR FINISHED FLOORS**

CLEANS AND RESTORES GLOSS

**CONTAINS COMBINATION OF
CLEANING AGENTS AND POLYMERS**

SAVES LABOR COSTS

May be harmful or fatal if swallowed.
Causes eye irritation.

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS

ONE STEP CLEANING/RESTORING USING AUTOMATIC SCRUBBERS: Dilute 2-4 oz. per gallon of water. Use soft poly brush or the least aggressive burnishing pad, such as white or champagne.

RESTORING: Dilute one (1) part NON-STOP to three (3) parts water. Mop one thin coat of diluted product directly onto clean floor. Allow to dry completely and burnish with ultrahigh speed buffer.
