

PATCH IT

**FILLS CRACKS,
POTHoles & FAULT LINES**

NO PRIMER NEEDED

CAN BE USED IN ANY WEATHER

PATCH IT is a simple, durable solution for filling cracks, potholes and fault lines. This sealant is made from a mix of flexible, yet resilient ingredients, including screened aggregate, tar and asphalt binders. It remains pliable within its container until it is applied to pavement surfaces, and remains loose enough for easy application at 15°F. Once it sets up, it keeps cracks sealed at all temperatures.

DIRECTIONS

Protective gloves are recommended while using this product. Unfold a towel and lightly scrub in a Clean area to be repaired of debris. Fill with PATCH IT to about 2" above top of surface. Tamp until packed firmly. Add additional amounts of Asphalt Patch to bring repaired area level to rest of surface

CAUTION

Danger: Causes skin irritation. May cause cancer. May cause damage to organs through prolonged or repeated exposure.

KEEP OUT OF REACH OF CHILDREN

INGREDIENTS

Chemical Name	CAS #
Limestone	1317-65-3
